TEAM TOXIC OVERVIEW

TEAM DESCRIPTION

ALBY SCOUTING

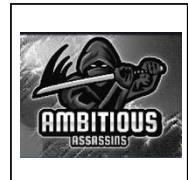

The mistakes i saw were that they didn't prioritise mid harpies as much as they should and overaggressive on their jungle
he's more gank oriented than farm and takes fights he can't win sometimes
their support is kind of invisible a lot of the time and diving them seems effective
their solo doesn't really expect ganks and invades a lot so he gets caught out here and there
their mid stays faaaarr back but is very aggressive early
and the carry sticks to purple a little too hard when doing it so if you have pressure you can bully him though
their jungle seems like the biggest weak link though and very aggressive early

Nothing significant draft wise but we just got one set to scout.
