

NIPPLEHEIM NUTJOBS TEAM OVERVIEW

TEAM DESCRIPTION

Nippleheim is a pretty good team that is on a similar or just below level then dubs only. The main problem I was able to spot during their game is taht they are really unsure during objectives fight. Indeed in the game I scouted the team was stuggling on securign or properly fighting any of the objective, looking like they werent properly coordinate or didnt know thir assignment properly. They like to have an early duo pressure, and they really value invades on that side of the map. They ahev very good warding and map awaness, and they are usually ready to counter gank and invade. Sometimes they are to sure of their gank , and they came out of it empty handed. They are reallly smart on their farming, that pu them in good position all game. They dont have a praticular draft strategy or if they have one its hard to spot since there arent many game available online. They love to play raijin and Cama. In general the team is well organised and good at the game but sometimes they have weird blank spot and make weird mistake, they really are not at the top of the form on their first game.

THREADUS (ADC) OVERVIEW

PLAYER DESCRIPTION

Davide Scouting:

He seems pretty solid and if ahead can carry the team to victory. He plays a good variety of gods, and comfortably in most of them. This duo really like early pressure and camp invade. He seems that if he is not allowed to perform and carry the team struggle in general.

AUSTRALIA970 (SUPPORT) OVERVIEW

PLAYER DESCRIPTION

Davide Scouting:

Use to play solo in comp as well, and sometimes try some spicy picks like Achilles. He seems very comfortable on the sylvanus and khepri picks, so support that are more focus on peeling then engaging. Sometimes he seems to lack on map awarness and positioning

OUTSO (MID) OVERVIEW

PLAYER DESCRIPTION

Davide Scouting:

He seems like a decent player but not much more. He was struggling to keep up with Scroll which was playing out of position and subbing in for the other team. He loves Raijin and he will be most likely to play him if open.

EASTTT (JUNGLE) OVERVIEW

PLAYER DESCRIPTION

Davide Scouting:

Very good at counter rotatitng and map awarness , but he looks too greedy at time to time. He loves to play Cama , and he can be a game changer or completely irrelevant. He always looking for the kill , that can lead him to make mistake that can cost his team much.
