

HATI TEAM OVERVIEW

TEAM DESCRIPTION

Hati is a very good team. They like to play aggressive pick in early game in duo and solo . Their team is relative new, and changed a couple of player in the last weeks. Their duo come as a pair, and they seems to have a great combination togheter.The duo like to invade the Harpes a lot if ahead so look out for that if you are there. Their mid is pretty good at juking and seems to suffer meta good and be comfortable with playing off meta with it. They are really good at rotating an map awerness so, if i fight last too long, you are going to be punished for that.Thei jungler loves to play Chaac, in that role, and its very stong on the rotations. Their solo is very aggressive but shoudnt be a problem for burpy. Banning wise , they really love to ban Midlaner , they have been banned all the top 5 midlaner every game I scouted. They always ban Tiamat,Morgan,Rajin,Janus and Pers.They most likelu do that because their mid doenst fit the meta pick wise, so they can afford to take out some of the pick and put the other midlaner on uncomfortable picks.The other player ,jungler more then everyone, like a little bit of particular picks.
