

DUBSONLY TEAM OVERVIEW

TEAM DESCRIPTION

Dubs Only is a very good time that like to play heavy CC based comp. They love their hard cc comps , so pay attention to picks god that can counter that. Their worst player in my opinion is their ADC but their duo lane is pretty good thanks to the support popping off in certain gods like Kumbha or Sobek. Their Mid is Scroll which is mechanically pretty good, he is a assassin main, but I think he is a little bit out of the meta pick wise, and he loves his safe picks such as Scylla and Raijin. Their Jungler is pretty good in particular on some good, and i think banning against him wouldnt be any helpfull. Their solo is decent but not better then Burpy, and he also love to play cc heavy goods and guardian in the solo lane. Banning wise they are really scared of gods like Geb and Artio and the mainly ban Guardian (37.8 %) and Warrior(22.8 %). Banning against them , i think we should go with standard ban and maybe spend a ban to put their mid or adc in an uncomfortable situation , banning either Scylla, Anhur or raijin. They usually pick their tanky character in the first two picks. When scroll is playing they leave the mid as one of the last pick , becuase he doesnt play meta god at the moment. Their jugnler also pick pretty late because he follow what the comps need since he is the best player
